advanced. We didn't have the money crunch then, but because of the time element, it was one of the bills left on General File and died there the day we adjourned. The initial fiscal impact of this bill is approximately \$360,000 for the coming fiscal year, with a total fiscal impact, I said \$6 million before I want to correct myself, the impact of approximately \$4,800,000 over a ten year period. Senator Schmit used the figure of nearly \$5 million, I used the figure of \$6 million. I'm sorry, I do want to correct it. This is a bill . . . it's not an expense item, it's something that will pay. It's one of the items that a person uses. It's not a cost, but it's a paying expenditure of funds. I hope that we can advance LB 180 to E & R from General File.
